

# Consent Form

## Disclosure of Information to Other Agencies

### Safeguarding Adults & Children

#### Background

Lymm Runners as an organisation has the best interests of its members at heart. If you have been subject to abuse of whatever form, we are here to help you.

It is preferred to gain written consent about allegations of abuse where possible. This makes information-sharing and progress with other agencies such as Social Services and the Police easier.

Information about abuse will only be shared on a need-to-know basis. Information may be shared with Social Services, the Police, UK Athletics Welfare Team and/or UK Athletics Child Protection Lead Officer.

The Agency/Agencies that we plan to share information with will be discussed with you.
